## User Instructions

(In conjunction with our SelectCare+ Dust Cleaning Pad and Spray Mop):

**Before Usage: Spot test prior to application, and ensure the coating is intact before proceeding cleaning with the whole area.**

- Use our SelectCare+ Dust Cleaning Pad to clean the surface. Surface must be dust-free before applying SelectCare+ Wax Oil Floor Cleaner.
- Pour the solution into our SelectCare+ Spray Mop. Clean the floor with our SelectCare+ Spray mop and microfiber Mop Cleaning Pad.
- Allow the solution to penetrate for a few minutes and proceed to clean by wiping dry immediately. When applied regularly, the surface becomes resistant to dirt and signs of wear.

**Important:** To avoid any water damage to your timber floors, excessive water should not be used. Always use a lightly damp, 'wrung out well' mop to clean your installed floors.

## Drying Time

Allow the solution to penetrate for a few minutes and proceed to clean.

## Consumption

Approximately 200-300 m<sup>2</sup>/litre.

## Special Information

After use, clean tools with warm water. Do not mix with other cleaning products.

Manufactured in Germany. Packed in Australia for Australian Select Timbers.
