Superior Protection

GENCORE+
12mm Laminate

Enhanced Strength, Superior Protection

Reflections GenCore+ laminate flooring delivers a comfortable feel underfoot and provides improved acoustic performance, making it ideal for larger, open-plan spaces.

This collection also offers added moisture protection, combining its structural strength with an enhanced resistance to everyday spills and humidity.

With a super matte finish and GripTech surface technology that achieves a P3 Slip Rating, GenCore+ laminate flooring maintains a refined, natural timber look while offering enhanced durability and safety.

Boasting a massive 30-year residential warranty and an astonishing 8-year warranty for commercial spaces, GenCore+ laminate flooring takes hassle-free living to new heights.

96 Hour Moisture Guard

Built to perform from the inside out, Moisture Guard features a high density core engineered for enhanced durability and moisture resistance.

Designed to thrive in environments exposed to everyday wear and tear, Moisture Guard provides you the confidence that your floor is built to handle the demands of daily life. This advanced construction delivers the ideal balance of structural integrity and long-term performance, whilst delivering a surface that is as visually impressive as it is durable.

Whether you need flooring for a busy family home or a high-traffic commercial space, 96 Hour Moisture Guard ensures you no longer have to compromise between a long-lasting performance or a stunning interior space.

*Please refer to our Care & Maintenance for further information on Moisture Guard.

Pepper Spotted Gum

Introducing an innovative new surface

GripTech surface is a protective surface treatment specifically developed to enhance laminate flooring, delivering an improved slip resistance whilst keeping its natural appearance.

Engineered with innovative technology, this safety-focused formulated, super matte finish coating creates an extra layer of underfoot traction, helping to improve slip resistance in both residential and commercial environments.

Durable and low maintenance, it provides added confidence in high-traffic areas, combining safety, performance and style in one innovative solution.

Steam Mop Friendly*

Unlike traditional laminate flooring, GenCore+ is suitable for use with steam mops, making deep cleaning easier while providing added peace of mind.

*Please refer to our Care & Maintenance for further information.

Superior strength GenCore+ Moisture Guard

Thanks to our new Moisture Guard technology, the new GenCore is designed to provide superior protection against everyday spills, splashes and moisture exposure.

Easy to maintain and steam mop compatible, GenCore combines innovative core construction with long-lasting performance, creating a flooring solution that is as practical as it is beautiful.
