REGENCY®
HARDWOOD

THE ECO-SMART TIMBER FLOORING

With the use of advanced technology in its construction, Regency Eco-Smart allows for flexibility and optimum stability in its design for today's busy family lifestyle

Regency Eco-Smart not only displays the beauty of natural Australian timber in an engineered board, it also ensures strength due to its superb hardwood multi-layer core.

Constructed with 12 layers of hardwood ply core and a tongue & groove joining system, it avoids cupping, twisting and squeaking with environmental changes. Within the manufacturing process, the durability cannot be questioned.

With no internal expansion trims required ever*

Regency Eco-Smart is very well suited to today's open plan living which has inspired the need for a seamless design throughout the home to create a desired look and feel.

Using select grade timber, our Regency Eco-Smart Range showcases a natural, clean and contemporary look for your entire floor.

Available in two popular Australian species, Spotted Gum and Blackbutt, this flooring will give your home a natural timber appearance with quality and strength that has never been more respectful to our environment.

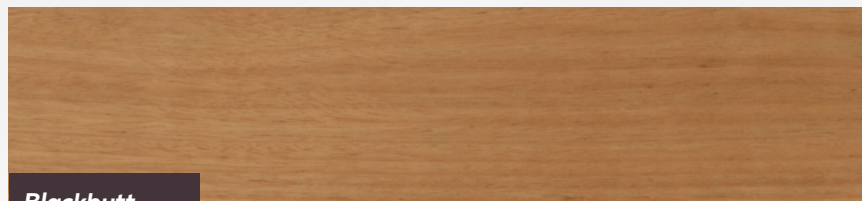

Lifetime Structural Warranty

Finished using 11 layers of Klumpp German coating, your floors will stand the test of time. With our lifetime structural warranty, 20 year residential warranty and 5 year commercial wear warranty, you can rest assured you will enjoy the stunning effect of natural Australian beauty in your home for many years to come.
